

The diagram illustrates a curved header template. It features a solid black outer arc representing the bleed area and a dashed black inner arc representing the trim line. The area between these two arcs is the intended space for the header content. A legend on the right side identifies these lines: 'bleed area' with a solid line and 'trim line' with a dashed line. Text and guidelines are positioned within the template area, specifically between the two arcs.

Voyager 22" Curved Header

Total Graphic Area: 23.625" w X 7.25" h

Total Visual Area: 22.625" w X 6.25" h

Please be sure add a 1/2" bleed around the perimeter. See template for trim lines.

General Art Guidelines:

- CMYK Color Mode
- All Solid Coated Pantone colors should be called out in the art as spot colors
- Embed all images and support files
- Resolution must be 100-120 ppi
- All fonts must be created to outlines
- Do not scale artboard
- Background color/images must bleed to the edge of artboard
- Do not use spot colors from template in your artwork as they will not print
